Glossary

CARFAX Price Adjustment™

Accidents, service records, number of owners and many other history factors can affect a vehicle's value. The CARFAX Price Adjustment is a tool that analyzes millions of used car transactions to measure how the combination of all the information reported to CARFAX affects the value of a particular vehicle. The vehicle's retail book value plus the CARFAX Price Adjustment will give you a more accurate measure of the vehicle's value. Use this tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

CARFAX Well Maintained - Regular Oil Changes

CARFAX identifies a "Well Maintained - Regular Oil Change" vehicle as having a regular oil change history when all its recommended oil changes, based on the vehicle's maintenance schedule, have been reported to CARFAX. CARFAX uses the manufacturer's schedule and assumes normal driving conditions. When an oil change schedule is not available, CARFAX may analyze reported service events to determine what is typical for the same make and model vehicle. Dealers and service shops may publish different recommended service schedules.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

Certified Pre-Owned

"The best or nothing" at a value that follows suit.

Now with unlimited peace of mind.

Beyond the assurance of a painstaking certification process and 24-hour Roadside Assistance, every Certified Pre-Owned Mercedes-Benz now comes with industry-leading coverage: an unlimited-mileage warranty for one year that can be extended for up to two additional years. So no matter what your odometer reads, your confidence will know no bounds.†

Roadside Assistance

Your schedule is busy enough, and unexpected delays can have a domino effect on your entire day. The peace of mind provided by our 24-hour Roadside Assistance is just one more reason your MBCPO vehicle instills confidence.

On the road, you are protected by 24-hour Roadside Assistance throughout the United States. For assistance and details just call: 1-800-FOR-MERCEDES (1-800-367-6372).

Consult your Roadside Assistance program literature for details, terms, and limitations on benefits.

Sign and Drive services include:

- Roadside Tire Change, with your spare
- Roadside re-inflation for Tirefit system equipped vehicles
- Jump-start a dead battery
- Fuel for an empty tank
- All with legendary Sign & Drive convenience

†Roadside Assistance is provided for the life of your warranty. Roadside Assistance repairs may involve charges for parts, service, and towing. Vehicle must be accessible from main roads. Depending on the circumstances, services may be provided by an outside source, courtesy of Mercedes-Benz Roadside Assistance. For full details about Sign and Drive services and the Roadside Assistance Program, please see your dealer.

More security.
